2020/2021 Season Support Options

Dear Friend,

Floyd Central's independently funded Theatre Arts program relies almost exclusively on our community's contributions in order to provide world renowned educational programming for our students. The cornerstone of the education we provide is our annual season of productions. These extensive hands-on learning opportunities for our students provide them with practical experiences in STEAM (Science, Technology, Engineering, Art, and Math) that help prepare them for the local workforce, competitive college programs, and countless viable careers in the arts and practically every other industry. Our students emerge as strong community and world leaders but they need your help. By contributing in one of the ways below, you are providing the students of Floyd Central with one-of-a-kind educational experiences that they could not receive without you. Please consider joining us this season as a Corporate Sponsor, Advertiser, or member of our NEW Theatre Circle club.

Sincerely,

Robbie Steiner
Director of Theatre Arts
